River Town Outdoor Recreation Guide

Get outdoors to explore the river you thought you knew...

Historically, the Monongahela River was best known for its role in transportation, carrying barges of coal and other materials to the industries along the Mon. However, in recent years, with improvements in water quality, the Mon has seen an increase in visitors seeking river recreation opportunities.

This outdoor recreation guide highlights the opportunities for canoeing and kayaking, motor boating and waterskiing, fishing, hiking, biking, and sightseeing on the stretch of Monongahela River between California and Point Marion, Pennsylvania.

Fishing

A current Pennsylvania fishing license, signed in ink and displayed (attached to a hat or outer garment), is required of persons age 16 and over to fish or angle for any species of fish. A license is also needed to take fish bait or baitfish. Casting and/or retrieving whether by rod, reel and line, or by handline, for oneself or another person, requires a current license unless specifically exempted by law.

Purchase a fishing license online at:
www.fishandboat.com/license.htm

Hunting

Hunting remains a popular outdoor activity in the state of Pennsylvania. All hunters must have the proper license. Hunting is only allowed on private property with permission of the landowner.

However, the Game Commission maintains public lands that are open to any licensed hunter. There are several public Game Lands in the Mon River Town region.

The closest are state Game Lands 223 in Greene County and state Game Lands 238 in Fayette County.

A map of all state Game Lands can be found at:
